The Intech Energy Container -- or ECON -- is a modular, pre-configured off-grid power solution. It combines solar PV, battery storage, inverters, and energy management in a rugged container.

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.

Discover our innovative solar photovoltaic containers, designed for sustainable energy solutions. Perfect for off-grid living, emergency power, or residential use, these portable systems harness ...

The Solar PV Container is a containerized solar power solution has been designed with the aim of combining solar electricity production and mobility to provide this electricity everywhere ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Fully customizable to your exact needs. The durable container design is completely waterproof, protects you and your equipment from the elements and any potential security threats. RPS ...

Powered by premium 610W panels, the 100KW Mobile Solar Container from HighJoule delivers maximum energy density in a compact 20ft format. It's optimized for grid-tied setups requiring ...

Many customers explore off grid solutions due to the simplicity and maneuverability of our containers. As
