Container Wastewater Systems are engineered and constructed in Germany with maximum operating reliability our priority.

Our containerized wastewater treatment plants are not only installed in hard-to-reach places abroad, but also offer the perfect solution for short-term, temporary wastewater treatment in ...

Lenntech designs ready-to-use containerized desalination plants that can produce up to 1000 m3/day of drinking water from different sources and with varying salinities.

A modular containerized wastewater treatment plant is a prefabricated system installed in standard containers, offering fast deployment, scalable capacity, and flexible operation.

The ClearFox® Containerized System is a packaged wastewater treatment plant, custom designed and pre-installed within ISO shipping containers. As a modular solution, it is easily ...

Containerized mobile treatment systems are ready to use immediately on delivery and cater from 60 persons to 20,000 persons capacity. A containerised portable sewage treatment plant gives ...

The ClearFox® Containerized System is a packaged wastewater treatment plant, custom designed and pre-installed within ISO shipping containers. ...

Our mobile wastewater treatment plant, also known as a containerized integrated wastewater treatment plant, is suitable for the treatment of small to medium volumes of wastewater.

The complete plant will be ready mounted as package units or in standard ISO containers for easy transport and quick delivery. European quality equipment and our certified manufacturing will ...

BioKube offers containerized wastewater treatment plants for easy setup and relocation. This solution is ideal for remote locations such as mining camps and oil rig sites.

Our containerised sewage treatment plant (STP) is made for easy setup and relocation. This solution is ideal for remote locations such as mining camps and oil rig sites.
