PEAK3 stands for pure power. With its compact design, the inverter offers maximum power density at minimum weight. This results in less expensive transportation and simplified ...

With an MPPT current of up to 54A, it is perfect for all 182/210mm high-power PV modules and supports more than a 150% DC/AC ratio, bringing more yield. It features intelligent DC ...

Engineered for performance, the PEAK3 delivers unmatched power density in a compact, lightweight design--reducing transportation costs and simplifying installation. Built to excel in ...

150 kW Sunny Highpower Peak3 1500V 600VAC String Inverter. A superior modular solution for large-scale power plants. The PEAK3 1,500 VDC inverter offers high power density in a ...

This 1,500 VDC inverter offers high power density in a modular architecture that achieves a cost-optimized solution for utility-scale PV integrators. With fast, simple installation and ...

PEAK3 stands for pure power. With its compact design, the inverter offers maximum power density at minimum weight. This results in less ...

Purpose-built for utility-scale and large C& I arrays, the PEAK3 150-US delivers 150 kW of AC power at 600 VAC while operating on a 1 500 V DC architecture. Eliminating the step-down ...

PEAK3 150kW is synonymous with pure power. With its compact design, the inverter offers maximum power density per device and optimal performance.

This 1,500 VDC inverter offers high power density in a modular ...

150kw solar power station inverter

Buy SMA Sunny Highpower Peak3 SHP 150-20 solar inverter online. Best price and worldwide delivery service at SolaricaShop

These inverters can handle a range of power sources from 150,000 watts to 500,000 watts. Compare these 150kW commercial solar inverters from ABB, Fronius, SMA, SolarEdge, ...

SMA offers the ONLY 1,500 VDC inverter with the capability of interconnecting at 480 VAC without adding significant additional equipment and incurring lost energy production.
