Review specifications and compare prices for 2V solar batteries from all the top brands.

Specifications Part Number Nominal Voltage Nominal Capacity (20 HR) Dimension Approx Weight Terminal Terminal Torque Container Material Rated Capacity Plate Type Separator ...

They are designed for daily deep discharge, long life, with minimum maintenance and high-performance reliability. The models up to 1200AH are mounted on metal frames (4 or 6V) so ...

Eastman AGM VRLA batteries are designed with state-of-the-art AGM (Absorbent Glass Mat) technology, high-performance plates and electrolyte. With excellent value and characteristics, ...

Absolyte ® GX 2-volt battery cells are a proven power solution for telecommunications, UPS, electric utility, railroad, and renewable energy applications. Designed and optimized for ...

CSPOWER OPzV series Tubular GEL SOLAR battery is with 25 years floating design life, it is a Valve Regulated Tubular Gel battery that adopts immobilized GEL and Tubular Plate ...

SunStone OPG series are 2 volts VRLA battery that adopts immobilized GEL and Tubular Plate technology to offer high reliability and performance.

Our 2V AGM solar batteries are specifically designed for the photovoltaic market and will exceed "all purpose" batteries in performance. Typically AGM batteries will last 2-3 times longer than ...

Exide offers the latest series of TBS stationary Tubular batteries in Transparent SAN containers for critical standby applications. The cells are designed to conform international specification ...
