With 5000+ cycles at 80% DOD, ultra-high capacity (314Ah), and CE/UN38.3 certifications, this lithium iron phosphate battery delivers unmatched ...

As energy demands continue to rise globally, the 314Ah cell is poised to play a crucial role in enabling efficient, reliable, and scalable energy storage solutions.

The 314 Series LiFePO₄ Battery Cell is an upgraded version of the 280 series, offering higher capacity and energy density. It maintains all the advantages of LiFePO₄ technology while ...

The battery pack operates at a high nominal voltage, scalable from 358.4V to 768V, which is ideal for simplifying system design in high-power commercial and industrial energy storage ...

314Ah High-Voltage Rack Battery Industrial ESS for Commercial & Utility Storage - Power large-scale energy needs with the R5-HV Series - a high-voltage rack battery system offering ...

The CALB L173F314 is a high-capacity LiFePO₄ (LFP) cell with a nominal capacity of 314Ah. Designed with a prismatic aluminum casing, it offers outstanding cycle life, excellent thermal ...

BAK Battery's new square 314Ah high-capacity energy storage cell establishes a fresh benchmark for longevity, economy, and dependability, featuring an ultra-long cycle life of 10,000 cycles, a ...

For a 1 MWh energy storage system, using 314Ah batteries reduces the number of cells needed by approximately 70% compared to 100Ah batteries. This not only cuts costs for ...

Discover the BLUESUN 51.2V 314Ah PowerCube, a modular LiFePO₄ battery system designed for scalable energy storage. Built with high-capacity lithium iron phosphate cells, it ensures ...

314ah battery commercial energy storage

With 5000+ cycles at 80% DOD, ultra-high capacity (314Ah), and CE/UN38.3 certifications, this lithium iron phosphate battery delivers unmatched longevity, safety, and scalability. Ideal for ...

The Semi-solid battery energy storage system with SSB 3.2V/314Ah cells offers high energy density, excellent safety, and long cycle life. It uses innovative semi-solid technology to ...
