---

30 kVA pure sine wave 1 phase AC power frequency converter, change single phase 120V 60Hz to 240V 50Hz (vice versa) in one step by inner step up transformer for different equipment ...

Solid state transistorized compact enclosure less than 60DbA at 3ft. - any single phase input, any single phase output - any input frequency, and 50Hz, 60Hz, or 400Hz output. All of our ...

Our solid-state frequency converters are of the highest quality in terms of both construction and safety and come in various dimensions, weights, inputs, and outputs, so you can choose the ...

Industrial grade 60Hz to 50Hz single phase frequency converter. Pure sine wave 1-phase 50Hz 230V European equipment. Wide operating temperature range, -0&#176;C to +50&#176;C. ...

It is ideal for powering 50Hz equipment in regions where the local power grid supplies 60Hz. This type of converter is compact, efficient, and suitable for residential, commercial, and light ...

Solid state transistorized compact enclosure less than 60DbA at 3ft. - any single phase input, any single phase output - any input frequency, and ...

500 VA solid state frequency converter, AC power supply, convert single phase 110V, 120V 60Hz to 220V, 230V, 240V 50Hz (vice versa), stable and pure sine wave output for household ...

Ideal for European and African applications that require 50hz power. The AIMS Power 7000 watt 24 volt to 240 volt power inverter is built tough for daily use. You can count on this inverter, it is ...

Customized 2kVA AC frequency converter changes single phase 115V 400Hz to single or split phase 0-300V 50Hz/60Hz, variable 45-400Hz output is optional, LED display, more than 85% ...

# 50hz single phase inverter
