What types of battery cabinets are available?

Tariff Relief. Up to 10% Protection. Battery cabinets from diverse manufacturers APC, Toshiba, CC Power, Eaton, Powerware, Mitsubishi, Narada, and Salicru. We stock new and used battery cabinets in support of our energy storage packages, ups backup systems and rental UPS. Speak to a power expert to match up with your specific requirements.

What is an external battery cabinet (EBC)?

When longer runtime is desired, External Battery Cabinets (EBC) may be added to increase the runtime and availability of your connected devices. EBCs are auto detected so no user configuration is necessary. Configurable outlets for load management.

How does a 5-10kva battery charger work?

Integrated external maintenance bypass with the 5-10kVA models to support the load during planned maintenance or UPS upgrades and is available as an optional accessory for other models. A three-stage charger with a smart control CPU optimizes the battery charging cycle and maximizes battery life.

What is a battery cabinet?

A battery cabinet houses and protects the batteries that supply stored energy to a UPS system. It ensures that backup power is readily available whenever primary power is interrupted. Battery cabinets can be installed indoors or outdoors and are designed to provide secure, organized, and scalable energy storage for continuous power delivery.
