Where is Bandar Seri Begawan located?

Bandar Seri Begawan is located at latitude 4.89035 and longitude 114.94006. It is part of Asia and the northern hemisphere.

How does Bandar Seri Begawan work?

The Marine Department keeps track of use and bills the ship's agent. The Bandar Seri Begawan Municipal Board is credited with the money received from these water sales. Between the city and Victoria Harbour, a passenger boat that also transports mail runs every day (except for Sundays).

What did Hajiji say about a new solar glass plant?

Hajiji, who witnessed the signing, added that the company would build a new six-production line solar glass manufacturing plant in Kimanis, Papar. He added the latest development proved that the state government's efforts to accelerate the growth of its industrial sector have been effective.
