BENNING offers turnkey solutions both for grid-dependent and for off grid self-managed systems. These systems comprise a range of outputs of up to a megawatt for a single power feed.

We deliver a complete, intelligently networked system - featuring power electronics manufactured in-house in Bocholt (Germany), high-performance batteries selected to match your project, ...

This state-of-the-art hybrid UPS energy storage system is versatile and convenient. It is individually configurable and expandable, with its true UPS function - and on-board energy ...

We have deployed Solar Power Container units at three of our mines and the results have been outstanding. The ease of transportation and short installation time saved us weeks of downtime.

RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini ...

Our modular stackable design already allows capacity upgrades without system downtime - crucial for EV fast-charging stations doubling their storage needs every 18 months.

BENNING Energy Storage Solutions offer multiuse functionality, e.g. security of supply, self-consumption- and load optimisation.

BENNING offers a reliable, globally orientated service structure that provides the best possible support for your requirements. You have access to high-quality support, spare parts and ...

We have deployed Solar Power Container units at three of our mines and the results have been outstanding. The ease of transportation and short ...

Among the innovative solutions paving the way forward, solar energy containers stand out as a beacon of off-grid power excellence. In this comprehensive guide, we delve into ...

Drawing on our extensive industry experience, including the deployment of hundreds of off-grid solutions over the past decade, we have gained ...

This state-of-the-art hybrid UPS energy storage system is versatile and convenient. It is individually configurable and expandable, with its true ...
