In 2024, GSL ENERGY successfully installed a 7.45MWh industrial-grade BESS energy storage battery system in Bulgaria, integrated with solar photovoltaic power generation, ...

SUNOTEC and Sungrow signed a strategic agreement on July 28, 2025, to deploy 2.4 GWh of battery energy storage systems across multiple solar projects in Bulgaria and ...

International Power Supply (IPS), a Bulgarian manufacturer of battery energy storage systems, is about to launch operations at its new facility near Sofia. Its latest model ...

Our solutions also support off-grid and on-grid microgrids, PV + ESS + EV charging integration, and customized projects for the Bulgarian market. Partner with Highjoule to access reliable ...

With nearly 10 GWh of standalone energy storage capacity awarded--more than triple the initial target--the country is making significant headway in reinforcing grid stability ...

With nearly 10 GWh of standalone energy storage capacity awarded--more than triple the initial target--the ...

The stackable BESS innovation could offer large-scale energy storage in commercial areas and would offer smaller installation companies a foothold in the large-scale ...

capacity to 2.2 GW with another 700 MW expected to become operational in 2023. In other words, Bulgaria could easily sail past its 2030 National Ener.

The stackable BESS innovation could offer large-scale energy storage in commercial areas and would offer smaller installation ...
