International Power Supply (IPS), a Bulgarian manufacturer of battery energy storage systems, is about to launch operations at its new ...

Bulgaria-based energy storage manufacturer IPS has launched a new utility-scale battery energy storage system (BESS)--the X-BESS 8--featuring a rated capacity of 8.1 MWh ...

Unlike the common shipping container format, the system, supplied by Shanghai-based Sigenergy uses a modular design. While primarily targeted at C& I applications, the new ...

Its modular design enables transportation and installation without specialized heavy-lifting equipment, with lightweight, sub-8-ton blocks that are fully plug-and-play. Each ...

Sigenergy has deployed a 10 MW/20 MWh battery energy storage system (BESS) at a solar site in Malko Tarnovo, Bulgaria, using 240 kWh battery stacks typically found in ...

The public call was open for projects equal to or greater than 10 MW with at least two hours of storage capacity, which will be primarily used in the frequency regulation markets. ...

The public call was open for projects equal to or greater than 10 MW with at least two hours of storage capacity, which will be primarily ...

Transformation of AES Galabovo into a large-scale energy storage facility using proven technology implemented in concentrated solar power plants (CSP) using molten salts

International Power Supply (IPS), a Bulgarian manufacturer of battery energy storage systems, is about to
