The site, the first solar-plus-storage project built from scratch by Engie Chile, will feature 208 lithium-ion battery containers.

Located in the Atacama Desert in northern Chile, this megaproject will have a total capacity of 2 GW of photovoltaic generation and 11 GWh of lithium-ion battery storage, ...

Located on the edge of Chile's solar-rich Atacama Desert, the plant integrates 452,000 bifacial solar panels with 267 BYD MC Cube energy storage systems. At its core lies BYD's patented ...

One of the largest battery storage projects in South America is being built in the Chilean Atacama desert. It complements the existing 220 MW PV power plant Diego de ...

There is a place in Chile's Atacama Desert where the power of the sun never seems to set. It is the Quillagua photovoltaic power plant, officially inaugurated on 8 April in ...

Developer Atlas Renewable Energy has inaugurated the 800 MWh battery energy storage system (BESS) plant in María Elena commune, in the Antofagasta region.

With an investment of US\$130 million, the project - dubbed PV & BESS Libélula - is in the early stages of construction and is forecast to begin commercial operation in the third ...

The Quillagua solar-plus-storage installation, located in Chile's Antofagasta region, is a 221-MW solar photovoltaic plant with 1.2 GWh of battery energy storage.

The AES Los Andes Solar PV Park - Battery Energy Storage System is a 112,000kW lithium-ion battery
