-----

Port Louis energy storage cabinet containers are transforming how Mauritian businesses manage power reliability and costs. From solar integration to industrial backup systems, these solutions ...

In an exciting development for renewable energy in Africa, Qair, an Independent Power Producer (IPP), has successfully closed a loan to finance a significant 60MW hybrid ...

Explore the Mauritius 2025 budget's major boost for renewable energy. See how new CEB funding and solar projects are transforming the nation's grid.

As Mauritius transitions to a low-carbon economy, the CEB is actively integrating Battery Energy Storage Systems (BESS) to manage ...

With its modular, stackable design and high efficiency, the GSL 25kWh home energy storage system is the ideal solution for African homeowners seeking a scalable, ...

With its modular, stackable design and high efficiency, the GSL 25kWh home energy storage system is the ideal solution for African ...

The CEB has installed the first grid-scale Battery Energy Storage System (BESS), the first in its kind in Mauritius, to enable high capacity storage of renewable energy in the grid.

As Mauritius transitions to a low-carbon economy, the CEB is actively integrating Battery Energy Storage Systems (BESS) to manage fluctuations in renewable energy sources like solar and ...

This project builds upon Qair's long-standing presence in the Indian Ocean and its strategic ambition to
