Cuba, country of the West Indies, the largest single island of the archipelago, and one of the more-influential states of the Caribbean region. The domain of the Arawakan ...

For months as the US military prepared to strike Venezuela, many Cubans have asked a simple, if disconcerting, question: "Are we next?"

With an area of more than 44,000 square miles (114,447 sq. km.), Cuba is the largest island in the West Indies, accounting for more than one-half of the total Caribbean land mass. ...

President Miguel Díaz-Canel said the casualties were from Cuba's armed forces or interior ministry. The country is a longstanding ally of Venezuela.

Because of its surface area of 109,884.01 square kilometers, it is considered to be the largest island in the Antilles. The name of Cuba comes from the Taino language spoken by the ...
