On the morning of September 16th, Huasun Energy (Dali) Co., Ltd. held the groundbreaking ceremony of the 5GW high-efficiency HJT cell and module intelligent manufacturing project in ...

What is a PID-resistant solar module? Built with a durable aluminum frame, tempered dual-glass layers, and designed to withstand wind loads up to 2400 Pa and snow loads up to 5400 Pa, ...

Technological advancements are dramatically improving home solar storage and inverter performance while reducing costs. Next-generation battery management systems maintain ...

The World Bank is inviting consultants to submit proposals for a technical study on a 350 MW to 400 MW solar project with battery energy storage in Tunisia. The deadline for applications is ...

A textile factory in Southeast Asia reduced energy costs by 40% after installing 2.1MW of Dili 5Gw modules. The project achieved 98.6% uptime during monsoon seasons - crucial for industries ...

Recently, the groundbreaking ceremony for the JA Naoer 5GW high-efficiency photovoltaic module project was held in the national Bayannaer Economic and Technological ...

SolarSpace, a China-based PV cell and module manufacturer, announced the first phase of a 5GW high-efficiency solar cell plant in Laos, giving momentum to its overseas production ...

On April 3, 2025, Ordos announced that LONGi's 5GW high-efficiency photovoltaic module project had delivered impressive results at an ...
