The powerful lithium batteries installed in the pre-wired cabinet provide power for critical loads, load sharing during night hours, or when grid power is at peak rates.

The PWRcell Battery cabinet holds the battery modules that store electrical power. Each cabinet can hold from three to six batteries for 9kWh to 18kW of usable storage.

AIMS lithium battery cabinet is designed to work with the AIMS Power hybrid inverters. The powerful lithium batteries installed in the pre-wired cabinet ...
