---

Take their flagship project at Benban Solar Park - think of it as a "energy savings account" for sunlight. By storing excess daytime solar energy, they've extended power ...

Designed for Plug and play operations, the ZSC range of mobile solar power is easy to setup and commission. The compact container is easy to ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

Egypt's first large-scale hybrid solar and battery plant has begun construction as the country looks to its abundant sunshine to help fix its energy crisis. Obelisk, located in Nagaa ...

It takes Egypt's green energy transition to another level by harnessing the power of the sun, not just during the day but also at night, thanks to the combination of solar and battery ...

Egypt aims to source 42% of its electricity from renewables by 2030. With daily power outages plaguing factories and farms, mobile solar storage systems offer plug-and-play solutions.

Egypt's first large-scale hybrid solar and battery plant has begun construction as the country looks to its abundant sunshine to help ...

Upon its full completion, the Obelisk Solar Power project will represent a monumental milestone for Egypt: it will be the country's first integrated solar photovoltaic and ...

High-efficiency folding structure: It adopts double-sided TOPCon solar panels and innovative folding brackets, significantly reducing the unfolding time and labor.

The project will be implemented in two phases across distinct regions of Egypt. Phase one involves the construction of a 200MW solar plant in Benban, complemented by a ...

Upon its full completion, the Obelisk Solar Power project will represent a monumental milestone for Egypt: it will be the country's first ...

Designed for Plug and play operations, the ZSC range of mobile solar power is easy to setup and commission. The compact container is easy to transport and is a low maintenance asset on site.
