The Schneider Galaxy VS is an uninterruptible power supply (UPS) that offers reliable and efficient power protection for various applications. Designed for industrial and commercial ...

The APC Galaxy VS UPS delivers reliable 80 kVA backup power with a robust 400V 3-phase output. Equipped with a Li-Ion external battery system, it ensures continuous power and surge ...

Uninterruptible 3-phase power for IT and industrial applications. The Galaxy family of UPSs delivers highly efficient, simple-to-deploy, compact 3-phase UPS power protection.

With its robust design and industry-leading performance, Galaxy VS is the ideal backbone for your critical infrastructure. Parallel-capacity capable - Increases total power capacity by using ...

The Schneider Electric Galaxy VS, 10-75kVA (208V), 20-150kVA (480V), is a highly efficient, easy-to-deploy, modular three-phase uninterruptible ...

Galaxy VS is a highly efficient, modular, easy-to-deploy 20-100 kW three-phase uninterruptible power supply that delivers top performance to critical IT, commercial, and industrial facilities.

Galaxy VS is a highly efficient, modular, simple-to-deploy 10-150 kW (400 V) 3-phase uninterruptible power supply (UPS) that delivers top performance to edge, small, and medium ...

With long-lasting lithium-ion batteries, the Galaxy VX is a powerhouse of innovation - available as a standalone solution or part of a prefabricated data center. Discover the features and benefits ...

Increases total power capacity by using multiple uninterruptible power supplies simultaneously. Powers the connected equipment with multiple uninterruptible power supplies and redundant ...
