QUICK H High Frequency Series of Inverters are modified sine wave inverters with no transformer which makes them light weighted.

Designed for reliability, it supports off-grid and backup applications with seamless solar and battery integration. With a durable, long-life design, it ensures stable performance, energy ...

Built-in pure sine wave inverter system and quick charging technology. Compatible with solar panels, wall outlets, and car chargers for flexibility. Multiple output ports (USB, AC outlets, DC ...

Find reliable 1.2 kW inverters for solar and hybrid systems. Shop our range of high-efficiency inverters with MPPT controllers and pure sine wave output.

The Gennex Technologies 1.2 KVA Inverters is compatible with mains voltage, solar and generator. Built in an anti-dust kit for harsh environments, you get a customized power backup ...

The Gennex Technologies 1.2 KVA Inverters is compatible with mains voltage, solar and generator. Built in an anti-dust kit for harsh environments, you get a customized power ...

The Larson Electronics MT-IVT-110.125VDC-1.2KVA-230VAC-N1 DC to AC Inverter converts DC input to AC output in industrial sites. This power converter is rated at 4,000 watts continuous ...

Designed to work with any geyser, these kits feature a robust, frost-proof design, precise temperature control, and a modular, expandable system that can grow with your needs.

Includes three SA socket outlets for your TV, DSTV, DVD player, Laptop, ADSL/Fibre router. It is recommended that the inverter NOT be used to power any heating elements (kettle, ...
