Why should you choose Onyx Solar photovoltaic curtain wall?

Thanks to Onyx Solar Photovoltaic Curtain Wall, buildings become a real power plant, keeping their design appeal, aesthetics, efficiency and functionality. They are more cost-effective than systems constructed with conventional glass. Reduce your monthly electricity costs by producing your own energy. REACH OUT NOW TO SEE HOW!

Are solar innovations &#174; curtain wall frames custom built?

All Solar Innovations &#174; curtain wall frames are custom built to meet the exact dimensions of your opening. Solar Innovations &#174; offers eight standard frame finish colors and unfinished aluminum; custom finish options are available at an additional cost.

What are solar curtain walls made out of?

All curtain walls manufactured by Solar are constructed out of durable aluminum. The benefit of an aluminum curtain wall is the reduction in required maintenance. Aluminum curtain walls will not rot, rust, warp, expand with heat, or require constant finishing.

Can I install curtain walls myself?

Based on the scope of your project, there are also "do-it-yourself" installation kits available for those who wish to buy factory direct and then complete the installation of the curtain walls themselves. The Curtain Wall System is a thermally enhanced aluminum tubular glazing system for commercial and residential applications.
