-----

AIMS Power has power inverters, solar panels, solar racks and batteries for 220/230 VAC, 50 HZ electrical systems commonly used in Africa, Europe, South America and some Australian ...

Maximum Power, Maximum Convenience: With 300W maximum power and 2 USB charger ports, you can charge multiple devices at the same time. 3. Stay informed with the smart display: Our ...

Industrial grade 60Hz to 50Hz single phase frequency converter. Pure sine wave 1-phase 50Hz 230V output for avionics and military equipment. Wide operating temperature ...

Discover the ultimate solution for your electrical needs with our 220V 50Hz Inverter. Whether you're facing voltage fluctuations, planning a remote setup, or looking for a reliable power ...

Equipped with a cooling fan, the variable frequency inverter shell is made of solid material and has good heat dissipation performance. The single phase inverter can work at (-10?, 40?), and ...

BWT-DT1500 serial 48Vdc & 220Vdc modular parallel connection inverter is an inversion device that converts 48V dc/220Vdc power supplied by communication DC power supply into ...

The Euro 5 Compliant IG2200A from Clarke is a powerful, portable generator that features inverter technology to provide pure, stable power for computers and other sensitive equipment.

With this Converter, you can protect your equipment from most power issues, including power sags, power surges, brownouts, and line noise.

Buy frequency converters to change 110v/120v 60Hz to 208v/220V/230V/240V 50Hz by built-in transformer, up to 400Hz, convert fixed Hertz to variable Hz power supply.
