What is a solar tile manufacturer?

As a solar tile manufacturer, we offer innovative solutions to meet your solar product needs. Our solar tiles integrate advanced solar cell technology and can be a direct replacement for traditional tiles as part of a building's roof, providing clean, renewable energy for your home.

Are solar roof tiles a good investment?

Solar roof tiles offer an elegant and efficient way to generate renewable energy while maintaining the appearance of your home. Whether you're building a new house or upgrading your roof, integrating solar tiles can provide long-term savings and sustainability. Start by comparing offers from professional solar roof tile installers in Ireland today.

Where can I find tiles & flooring in Ireland?

Ireland's first choice for tiles, flooring & bathrooms. National Tile is the biggest tiles, wood and laminate flooring supplier in Ireland. You can find here a wide range of wall tiles, floor tiles, outdoor porcelain paving tiles, mosaic tiles, engineered wooden floors and water-resistant laminate flooring for your home and commercial projects.

Do solar tiles cost a lot?

Installation costs: Solar tiles tend to have a higher upfront cost compared to traditional solar panels. Energy needs: The number of solar tiles required depends on your household's energy consumption. Consulting with a solar tile specialist can help determine whether they are the best solution for your home.
