-----  
What is the best portable power station?

This unit offers lots of power in a portable, durable, easy-to-use package. Plus, it has a wide array of outlets and charging ports to keep your essential devices running off-grid. The EcoFlow River 2 Pro is the best portable power station for most people. It's relatively light, ruggedly built, intuitive to use, and reliable.

Are portable power stations better than gas-powered generators?

In an emergency, these power stations offer some major advantages over gas-powered portable generators, despite being less powerful. Portable power stations are silent and don't produce additional emissions, so you can use them safely indoors and while you're sleeping.

What is a portable power station?

Portable power stations are large batteries in protective boxes, with AC outlets and other charging ports built in.

Which portable power station has more outlets than Jackery Explorer 300?

If you want a portable power station that has more outlets than the Jackery Explorer 300, often costs less, adds a light bar, and doubles as an uninterruptible power supply, and you don't mind that it's heavier and less powerful: Get the Anker Solix C300. It weighs 9.1 pounds, and it has a flat top and a long light bar.
