Who makes solar carports?

The team at Parasol pioneered the design and engineering of solar carports more than 15 years ago. To date, we have delivered 350 MW of solar carport projects for municipalities, large transit authorities, federal government agencies, corporations, K-12 schools, colleges and universities, retailers, automotive centers and more.

Where are parasol carports made?

All Parasol products are manufactured in the USA, using US steel and iron. Parasol carports and canopies are solar structures with a purpose. Our systems generate a lifetime of clean energy, while providing welcome shelter from the elements.

Who can use a solar carport?

To date, we have delivered 350 MW of solar carport projects for municipalities, large transit authorities, federal government agencies, corporations, K-12 schools, colleges and universities, retailers, automotive centers and more. Our solar carport experts are ready to help you design and install your project with confidence. Get in Touch
