Who is the most qualified rooftop solar expert in America?

Andy is arguably the most qualified rooftop solar expert in America. He is in a unique position, having founded a large solar company but now being independent of any particular company.

Who is a good solar installer?

SunPower has been in business for more than 30 years and has a wonderful reputation as a premium installer. ADT Solar is also a good choice, especially if you're on a limited budget and can't afford an expensive system from SunPower.

Why is GreenSpark launching a rooftop solar project at Foodlink?

GreenSpark has begun construction on a rooftop solar project at Foodlink's Rochester, NY headquarters that will provide long-term energy savings for one of the region's most essential hunger-relief organizations. The power generated by the solar will enable more resources to go directly toward nourishing communities across Greater Rochester.

Hire skilled and licensed professionals for installation. Tax incentives are available for making these improvements. Green roofs have vegetation that absorbs rainwater, provides insulation ...
