Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

We are proud to partner with one of the leading providers of factory installed solar options for shipping containers. Learn more about the product and inquire below.

The prices shown are for the container only; final costs will increase based on the hydroponic setup, modifications, and custom features added. Here's a general breakdown:

Our 40ft Solar Container isn't just a storage solution; it's a powerhouse on its own. We've seamlessly integrated high-efficiency solar panels into the container's structure, capturing ...

A standard 40HC container that cost \$3,500 pre-2023 now averages \$4,200 - and that's before adding solar components. Pro tip: Some suppliers now offer "container-lite" designs using ...
