-----  
What is a containerized diesel generator set?

This containerized diesel generator set is developed by Ausonia S.r.l.. This generator set is custom made specifically for power plants in LV and mV ... DIESEL GENERATORS T2 T2 series diesel generators adopt PowerLink engine to meet the needs of energy service production. Their power ranges from 8KW to 3500KW.

Which genset containers are available?

All genset containers are also available with an option for -40°C and most variants can be upgraded for +45°C. A broad range of options, both mechanical and electrical, are available to ensure that our containers meet the project requirements. For example, we offer several heat recovery configurations and exhaust after treatment systems.

What is the standard ventilation temperature for genset containers?

The standard ventilation is designed for ambient temperatures from -25°C to +34°C. All genset containers are also available with an option for -40°C and most variants can be upgraded for +45°C. A broad range of options, both mechanical and electrical, are available to ensure that our containers meet the project requirements.

Are containerized generators reliable?

Years of use in the rental, oil and gas, mining and other heavy-duty industries have tested the reliability, usability and durability of our containerized generators. Our primary design challenges in developing this line of containerized generators were usability, reliability and functionality for the end user.

Mobile power station: mainly used for field operations and mobile lighting, including hand-pushed, three-wheel, four-wheel, trailer power station, automobile power station, container power ...

Find your containerized generator set easily amongst the 314 products from the leading brands (XCMG, GELEC ENERGY, GRUPEL, ...) on DirectIndustry, the industry specialist for your ...

Sao Tome and Principe Electric Generator Sets Market is expected to grow during 2025-2031
