The Mobil-Grid [®] is an ISO-standard, CSC-approved maritime container that integrates a photovoltaic power plant, ready to be deployed and connected, with integrated control cell and ...

With the laser integrated in Solarfold and a specially made tape measure, you can position and drill the drill holes for the ground anchor in no time. Just sink the anchor and spread it with the ...

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.

Each container is equipped with a photovoltaic array, a battery bank, and a generator -- all custom-sized to meet the specific needs of the customer. With integrated remote monitoring ...

We design and engineer custom Solar Power Systems for Oilfield Services, Gas Pipelines, Off-shore Drilling, Injection Sites, Wellhead Locations and Related Oil and Gas Service Companies.

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ...

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

No matter how remote or challenging your mining site is, NEOSUN Energy provides customized off-grid
