At SCS Australia, we design and deliver containerised energy storage systems that provide safe, efficient, and scalable power solutions for industries, businesses, and communities.

Widely adopted across Australia, Tesla's solutions are recognized for high efficiency, scalability, and integration with solar PV systems. Known for both inverters and ...

The CAPS BESS is an efficient, reliable and smart containerised energy storage system. It is designed to provide backup power, intelligent energy storage management and integration ...

Our solutions range from bespoke designs to pre-packaged high-voltage (HV) systems sourced from trusted international partners, ensuring ...

We design and build shipping containers featuring integrated solar systems that can be used to provide microgrid energy solutions.

At Modbox, we design and build shipping container solar solutions to securely house your solar panels, batteries, inverters, and other equipment. Whether you're powering a remote worksite, ...

Through advanced forecasting technologies, smart grid solutions, and strategic energy storage deployment, we're witnessing the ...

The CAPS BESS is an efficient, reliable and smart containerised energy storage system. It is designed to provide backup power, intelligent energy ...
